

Sacramento Diocese Candidate Form

The Cursillo Movement is an instrument of renewal in the Catholic Church. Its aim is to encourage Christian living through a continuing method of prayer, study and action. The Cursillo weekend is designed to provide participants with a deeper understanding of Christian life by living in community, supporting one another. The weekend provides an overview of our Catholic teachings and ways in which participants can deepen their own spiritual growth guided by Roman Catholic traditions. The weekend experience will offer its participants a supportive, faith-filled community of friends who are dedicated to bringing Christ to the environments in which they have influence. By living a Cursillo weekend, candidates are encouraged and often rejuvenated in the faith to make a conscious and growing commitment to fulfill their baptismal call to be Christ's light in the world.
